

Dropship Guide

When you are ready to dropship you can process dropship orders to UK delivery addresses by loading them to your account using the dropship spreadsheet. If you have not got a dropship spreadsheet then please email hello@nutribl.com and request one.

Please Note: We only dropship to UK delivery addresses. If you wish to dropship overseas you will need to purchase stock to fulfil those orders yourself – either via your own facilities or via a 3PL fulfilment service.

The Dropship Spreadsheet (UK Delivery Only)

The dropship spreadsheet is a very basic spreadsheet in which you need to enter the details for each order you want to ship. Each order should be put on a separate row. An example can be seen below:

A	B	C	D	E	F	G	H	I	J	K	L	M	N
SKU	Size	Color	Quantity	FirstName	LastName	Company	Address1	Address2	City	State	PostCode	Country	ShippingMethod
PL-415			1	John	Test		1 Testing Street		Testerton	Stoke-on-Trent	TE1 2TE	GB	2nd Class TR
PL-265			1	Jane	Tester		2 Testing Street		Testerton	Lancashire	TE1 2TE	GB	1st Class TR
PL-166			2	Thomas	Testing		3 Testing Street		Testerton	Flintshire	TE1 2TE	GB	1st Class Recorded TR

You must fill out:

- SKU – product identifier
- Quantity – how many of that product the customer wants
- FirstName
- LastName
- Address1
- City
- PostCode
- Country (should always be GB)

The following fields are optional:

- Company
- Address2
- State

Currently you can ignore the 'Size' and 'Color' columns - just leave them blank.

ShippingMethod

We currently have 5 shipping options set up for dropship within the UK:

1st Class TR: First class standard mail. £3.25 for order with 1 item + 75p for any additional items.

2nd Class TR: Second class standard mail. £2.95 for order with 1 item + 75p for any additional items.

1st Class Recorded TR: First class recorded mail. £4.45 for order with 1 item + 75p for any additional items.

2nd Class Recorded TR: Second class recorded mail. £4.25 for order with 1 item + 75p for any additional items.

UK Courier TR: Sent by courier or Royal Mail special delivery depending on size. £9.95 per order.

Please note: the 'TR' in the shipping method name is an internal reference and does NOT mean that it is tracked.

Multiple SKUs In the Same Order

In the event that you have a dropship order which contains more than one SKU in a single order use a separate row for each SKU. Make sure the quantity is correct for each SKU and copy the shipping details to make sure they are the same for each row. For example:

A	B	C	D	E	F	G	H	I	J	K	L	M	N
SKU	Size	Color	Quantity	FirstName	LastName	Company	Address1	Address2	City	State	PostCode	Country	ShippingMethod
PL-415			1	John	Test		1 Testing Street		Testerton	Stoke-on-Trent	TE1 2TE	GB	2nd Class TR
PL-265			1	John	Test		1 Testing Street		Testerton	Stoke-on-Trent	TE1 2TE	GB	2nd Class TR
PL-166			2	John	Test		1 Testing Street		Testerton	Stoke-on-Trent	TE1 2TE	GB	2nd Class TR

When our system sees 2 or more rows with the same shipping name and address it will automatically group those rows into 1 order.

When you have finished entering the details of your orders into the spreadsheet save it to the hard drive on your computer. You are now ready to upload it.

Delivery Enquiries for Dropship Orders

If you have a delivery enquiry for an order uploaded via our dropship system, please email myorder@nutribl.com.

Important: The order number you get for your invoice is not necessarily the fulfilment order for your specific customer. If making an enquiry about a dropship order, please ensure you provide the relevant fulfilment order number – NOT the invoice number. If you are unsure, we can usually lookup orders by delivery postcode so please provide this.

Dropshipping Overseas

Our dropship upload system only services deliveries within the UK. If you wish to send an order outside of the UK you should purchase stock to hold and fulfil yourself for these orders. If you need a recommendation for a fulfilment service based in the UK please email hello@nutribl.com and we can make a suggestion.

Best wishes in developing your business and if you have any questions regarding dropshipping or any other aspect of our products and services then please get in touch.
